Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Cape & Vineyard Electric Cooperative, Inc. as of June 30, 2013, and the change in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (located on pages 3 through 4) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

CAPE & VINEYARD ELECTRIC COOPERATIVE, INC.
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

NOTE 1 - REPORTING ENTITY

The Cape & Vineyard Electric Cooperative, Inc. (CVEC) consists of 17 member municipalities, 2 counties and one intergovernmental organization located on Cape Cod and Martha's Vineyard in the State of Massachusetts. CVEC was established September 12, 2007 under Massachusetts General Laws for the purpose of developing and/or owning renewable electric generation facilities and procuring and/or selling long term electric supply or other energy-related goods or services at competitive prices to its Members and consumers within its Member communities.

CVEC is governed by a Board of Directors that consists of an appointed Director from each member. The Officers of CVEC are elected annually by the Board of Directors and consist of a President, Vice President, Treasurer and Clerk.

Any municipality or county or political subdivision thereof, or body politic that meets the requirements of Internal Revenue Code Section 115, is eligible to apply for membership in the CVEC, provided that the governing board of each Member has authorized its membership.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles. CVEC accounts for its operations as an enterprise fund. The significant accounting policies are described herein.

A. Measurement Focus, Basis of Accounting and Basis of Presentation

CVEC's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when the liabilities are incurred, regardless of the timing of related cash flows.

CVEC distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

B. Deposits

Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with an original maturity of three months or less from the date of acquisition.

C. Revenue Recognition

CVEC Members and participants in net metered sales agreements are billed their portion of power used (and related maintenance fee and operational adders) based on actual production during each month. Except for billings related to renewable energy certificates, Members are billed monthly. Billings for renewable energy certificates are performed quarterly.

CAPE & VINEYARD ELECTRIC COOPERATIVE, INC.
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Salaries

Employees of CVEC are legally employed by the County. As such, expenses related to salaries represent charge backs to CVEC from the County.

E. Purchased Power Costs

Purchased power costs reflect actual purchased power from the multiple solar photovoltaic (PV) installation sites.

F. Legal Fees

Legal fees primarily represent costs incurred related to several projects including multiple Solar PV installations and certain wind projects. Legal fees also represent expenses related to general legal consulting.

G. Income Taxes

The Cooperative is exempt from federal and state income taxes.

H. Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure for contingent assets and liabilities at the date of the basic financial statements and the reported amounts of the revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - DEPOSITS

Deposits and investments are governed by the Massachusetts General Laws and CVEC's by-laws.

Deposits - Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of a bank failure, CVEC's deposits may not be recovered. CVEC's policy for custodial credit risk of deposits is to rely on FDIC insurance. As of June 30, 2013, \$101,158 of CVEC's bank balance of \$351,158 was uninsured and uncollateralized.

NOTE 4 - MEMBER CONTRIBUTIONS

The Cape Light Compact (a CVEC Member) provided CVEC contributions totaling \$402,885 related to CVEC's operations for the period July 1, 2012 through June 30, 2013. This contribution did not provide the Cape Light Compact an individual or separate interest in the property or the assets of CVEC. In addition, CVEC has no obligation to repay the contributed amounts. Contributions from the Compact since inception total \$2,666,677, of which \$2,146,677 was funded from the Compact's mil-adder revenue.
